

PDS Digital

Trevor recently sorted out the frosted windows for our new office in Leigh on Sea. As usual, he was very helpful; measuring up the windows, advising on the correct files, converting the artwork into greyscale and arranging for the fitter to come at a convenient time.

It was a very smooth process, professional and an excellent result. Our windows look great, and we've got no-one staring in at us!

I have no hesitation in recommending Trevor and PDS for anything you need printing. You get internet prices but with a personal touch.

Really, if it's printed, it's PDS!

Jon Law

A handwritten signature in black ink, appearing to read 'Jon Law', written in a cursive style.
